ELEMENTARY REGISTRATION IN BETHEL SCHOOLS WEEKS OF AUG. 21 AND 22

Parents wishing to enroll new pupils in the Bethel Elementary Schools, kindergarten through grade 6, may do so during the weeks of August 21 and 22. The Crescent Park School office will be open from 9 a. m. until 3 p. m. Monday through Friday both weeks. The school phone is 824-2339 if further information is desired.

Birth certificates must be certified for all pupils new to the Bethel school system. These should be brought if they are available.

PHYSICALS FOR BOYS' FALL ATHLETICS AT TELSTAR AUG. 15

Medical examinations will be administered by the school physician at Telstar Regional High School on Tuesday, Aug. 15, at 8:30 a. m. for all senior high school boys interested in becoming candidates on either the J. V. or varsity football teams or the cross country squad this fall. All prospective candidates are asked to enter the building by the rear locker room entrance at the back of the school and meet with Athletic Director Tim LaVallee to receive physical forms and insurance information.

Following the physical examinations, boys will meet with the coaches to receive additional information and equipment.

GILBERT NAMED BANGOR MANAGER OF CHADWICK-BAROSS, INC.

Chadwick-Baross, Inc., of Bangor, Westbrook, and Concord, N. H., construction and logging equipment distributor, announced last week the appointment of Shirley Gilbert as vice president and general manager of its Bangor office.

Mr. Gilbert has been sales manager of the western Maine and northern New Hampshire sales territories, specializing in logging equipment. Prior to this he had been a member of the firm's sales force in the same area.

He joined the company in 1969, after many years of experience in the logging and forest products industry. A native of Bethel, he graduated from Gould Academy in 1937, and for the next several years worked as an equipment operator. During the summers he was employed by the U. S. Forest Service.

After service in the Marine Corps from 1942 to 1945, he operated his own business as a timber contractor, as well as being pulpwood and logwood purchasing agent for the Brown Co., Berlin, N. H.

He temporarily suspended his association with the logging industry in 1962, in order to construct Gilbert's Trading Post in West Bethel.

A member of the Maine Good Roads Association, and the Associated General Contractors of Maine, he has recently attended seminars sponsored by the Northeast Pulpwood Technical Congress and the American Pulpwood and Paper Association.

Formerly a resident of West Bethel, Mr. Gilbert, his wife and their son will live in Hermon.

Peter J. Brown has bought the place on Mason Street recently occupied by Mr. and Mrs. Bruce A. Borden and family, who moved this week to Montville, Conn.

PLANS APPROVED FOR EXPANSION AT RUMFORD HOSPITAL

Expansion plans to update and modernize the Rumford Community Hospital in phases have been approved by the Board of Directors, as announced by Fred E. Hancock, president.

This decision was made as a result of an updated report made by the hospital consultants, Anthony J. J. Bourke, Inc. of New York, and an extensive follow-up study by the hospital's Planning Committee. Hancock added that the hospital will plan to seek private financing for the proposed construction and will not undertake a public fund drive.

Last January, Hancock appointed a new planning committee to study the needs and priorities of the hospital. Almost immediately, they engaged the services of the Bourke hospital consultant to update the hospital's long range plan, which was originally done in 1960.

The revised plan was presented in June. It showed that the hospital's major problem was one of space, stressing that the hospital's space availability was only about 66% of that required for an efficient 100-bed hospital. The planning committee has proposed that construction of additional building facilities be the only solution to the problem.

Mr. Elizabeth Wheeler is a patient at Stephens Memorial Hospital, Norway.

Sunset Ridge Lodge will be holding the annual picnic on Monday, Aug. 14, at 6 p. m. at the cottage of Harry Kimball, Songo Pond.

Word from Rev. and Mrs. George Stebbins, formerly of Bethel, states they have built a new home in West Chicago. After Sept. 1 their address will be 29311 Hawthorne Lane, West Chicago, Ill. 60137.

TO VISIT JAPAN FOR MONTH—Mrs. and Mrs. Ryozo Shimamura, Sr. and their two children, Bill, Jr. and Jody, right, of North Bethel, left, Saturday morning

will leave for Japan. From Bethel they will go to New York City where they planned to come sight-seeing with the children before leaving Kennedy airport Sunday night on a non-stop flight to Moscow. There they will change planes for another flight to Tokyo. The Shimamuras will be visiting a month with "Joe's" parents in the city of Hamamatsu. This is their first trip home in over 12 years. They will return to the States via Japan where they will spend several days visiting, planning to be back in Bethel on Labor Day.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Riverside Drive is being extended approximately 400 feet which is the end of the layout of the street. A new house is being constructed beyond the end of the existing construction.

Tax bills will be in the mail at least by the first of the week. The tax rate will be \$51 per thousand, an increase of \$1.00 over last year.

The total valuation is \$300,000 more than in 1971. Some of this increase is derived from eliminating utility factors awarded to taxpayers who were not within the areas served by municipal water and sewer system. These factors were allowed when these services were financed principally by taxation. Now the users are paying for their own service plus the regular tax on their property.

A light has been installed to illuminate the flag on the Common. This will allow us to leave it raised after dark.

Construction of the waste disposal facility is proceeding at a steady pace. A water line has been laid easterly on Cross Street to serve the plant. The sewer line is being installed on the opposite side of the street.

Mrs. Violet Swain, Corres. — Mr. and Mrs. Douglas Reed and Dale, Bedford, Conn., have been visiting with Mr. and Mrs. Frank Drexler and Mr. and Mrs. Howard Glover and other relatives.

Mr. and Mrs. Graydon Campbell spent several days recently at Kennebago guests of Mr. and Mrs. Charles A. Cutting.

Mr. and Mrs. Frederick Sidelinger, Pam and Gail, and Pam's guest, Sharron Nappola, have returned from several days in Montreal guests of Mr. and Mrs. John Neenan. While there they toured Man and His World.

Bridal Shower Held — Miss Diane Metcalf was hostess at a bridal shower for a classmate, Miss Laura Jones, at the Metcalf home on Aug. 2. After the gifts were opened games were played. Refreshments included a special shower cake made by Miss Metcalf. It was decorated in yellow, green and pink icing and topped with a miniature bride and groom. Attending were Laura Coyer, Wallingford, Conn.; Alice Ramey, Rumford Center; Muriel Coyer, Ellen Demers, Dorothy Haines, Eva Cornish, Rumford; Clare Pinelock, Wendy, Wanda and Brenda Plawlock, Cynthia Cox, Opal Tyler, Evelyn Tyler, East Bethel; Nancy Hanson, Bethel; Betty House, Bryant Pond; Eva Pellock and Pam Quattrone, East Bethel; N. Y.; Christine Frazier, Andover; Dolly Jones, Barbara Metcalf, Lila Farrington, Vicki Metcalf, Violet Swain, East Andover. Sending gifts were Peggy Goddard, Sheryl Anagnosto, Andrea Coyer, Lorraine Goddard, Barbara and Joan Richardson and Myra Crocker. Miss Jones and Terry Pinelock will be married on Aug. 14.

Servicemen will be in their office on Tuesday at 9 a. m. and in the afternoon at 3:30 p. m. This is a change from the former arrangement.

Ronald White was transferred this week to Stephens Memorial Hospital in Norway for knee surgery. He was involved in a motorcycle accident coming home from his work at the Oxford Mill.

The food sale held on Saturday for the benefit of the projects done by the East Andover Community Club did not meet its goal. Thirty-one of those collected did not contribute. If any of those persons would like to contribute money it would be greatly appreciated. The donations may be sent to Violet Swain.

Lane Swain was taken to the Community Hospital on Friday evening after suffering a stroke. She quietly observed her 63th birthday at the hospital. Her daughter, Amanda Swain, and granddaughters, Carol Way and Susan, arrived in East Andover early Saturday morning.

Howard Wilkins, who resided with his grandmother and attended Bethel, will attend American River College in Sacramento, Calif., in the fall. His mother, who has been visiting, will return to Calif. soon this week.

Louise Poir is a patient at the Osgood Memorial Hospital.

Congregational Church News — The Congregational Church is asking for donations of books for the drama classes in Africa. These are for the students grades 10-12. The Western program has ruled that education must be in English and the local book schools are very short of books. Any new or good used books would be appreciated.

LOCKE MILLS

Mrs. John Mills, Corres.

There will be a special meeting of the Greenwood Fire Department Tuesday evening to finalize plans for their auction coming up on Saturday, Aug. 19.

Reminder: The Ladies Circle summer sale will start at noon Friday with hot dogs, sandwiches and beverages at the Sunday School Room. There will also be a white elephant sale, a gift table, and surprise packages along with the food table.

The Jackson-Silver Post and Unit No. 63 will be having a meeting, Tuesday, Aug. 17, at the Legion Hall preceding a "pot luck" supper at 6:30. Members are urged to attend. Please bring a hot dish or a salad and bring the family. The Auxiliary membership cards have come. Try and get your dues in early. Anyone wishing to pay their dues may contact Marion Jordan or Grace Smith. There will be a county meeting Aug. 15 at the Rumford Legion Hall preceding a buffet supper.

The Ladies Circle will meet Wednesday, Aug. 16, at the Sunday School room with a taste lunch.

The Mt. Abram Fish and Game Association will hold its annual picnic supper at the Greenwood Shores picnic area at 6:30 p. m. Thursday, Aug. 17. Please bring your own utensils and food for the picnic. In case of rain a pot luck supper will be held at the town hall. In other case a meeting will follow at the town hall.

The Boy Scouts held their weekly meeting Tuesday at the Legion Hall with election of officers for the next six months. They will be: Scout Patrol leader, Bruce Swan; Assistant Patrol Leader, Ralph Miller; Scribe, Bruce Swan; Assistant Scribe, Ralph Mills; Quartermaster, Brent Swan; Cook, Michael Miller; Bugler, Bruce Swan; Librarian, Bruce Swan. Inventory was taken by the quartermaster and his assistant, Richard Chase. After a brief discussion on Scoutcraft a game was played by the troop and a water, Harold Smith. The hike which was postponed last week due to a mull picnic and scheduled for this week end had to be cancelled with further notice due to previous commitments by the adult supervisors.

Our sincerest sympathy goes to Mr. and Mrs. Robert DeNormandie on the death of their middle son, Jay, in a motorcycle accident in Massachusetts on Saturday. Mr. and Mrs. DeNormandie and son, Jay, were vacationing here when they were informed of the accident by the police department. They left immediately for their home in Norwood, Mass.

Carl Roberts, Jr., is recuperating at home after being injured in a motorcycle accident Saturday night involving his father's car and another vehicle which collided head-on on the Gore Road. At least two others were injured in the crash.

Mr. and Mrs. Fritz Bayless and son, Eric, returned to their home in Rumford, N. J., after spending several weeks at the Case cottage at Twitchell Pond.

Mr. and Mrs. John Maldonado and son, Eric, have returned to Denver, Colo., after spending their vacation at the DeNormandie house in Greenwood Center.

Another successful season of Red Cross summer classes have finished with a total of 111 children from Bethel and Greenwood. Thanks to the instructors, mothers who had with beach patrol and the staff of Greenwood and Woodstock in running the cost of the classes. To the Go Ahead P. T. A. for support of the Life Saving Classes. Mr. and Mrs. Erwin Hennings.

EAST BETHEL WOMAN IS CHEF DE PARTIE AT THE BALSAMS HOTEL. Miss Esther Crockett, 24, has full charge of the cold meat and salad department at the Balsams in Dixville Notch, N. H. She prepares all the salad dressings, and cocktail sauces (10 gallons at a time), and decorates the cold foods for the buffet service. Also all the box lunches, sometimes as many as 50 a day. 32p

She has charge of the cold soups, cream, milk, coffee and juices, French toast, and pancakes, and make many beautiful jellied molds for the buffet. Miss Crockett has a crew of three assisting her and is very much in charge of her department. 32p

Esther started work at the age of 15 in the Bethel Inn as a glass washer. At the age of 16 Chef Oliver Dietrich took her under his wing and trained her as a salad girl. She worked for Chef Dietrich for two seasons. 32p

In the winter of 1963 and 1969 she went to the Lake Wales Isle Park Club, in Florida, returning to Portland, Maine, to work a year at the exclusive Cumberland Club. In between seasons she worked at the Wentworth by the Sea, New Hampshire and L. and A. Range in Wolfeboro, N. H. In 1970 she joined Chef Phil Learned's staff at the Balsams Hotel and has been there five seasons. 32p

Miss Crockett enjoys the reputation of being a good supervisor and a hard worker. The dining room staff often refer to her as "that ball of fire in the salad department." 32p

Summer Residence 344-7543

GREENWOOD CITY

—Mrs. Colista Morgan, Corres.—

John Muir said, "Climb the mountains and get their good tidings. Nature's peace will flow onto you as sunshine flows into trees. The winds will blow their own freshness into you, and the storms their energy, while cares will drop off like falling leaves."

The day was brilliant with dazzling sun, a rare day for this summer so Ruth and I started for the Wild River section intending to take a short hike on a trail to Caribou Mountain.

As we left the car for the trail, the woodlands seemed silent and deserted. The foliage that formed the canopy over our heads was closely woven so that when an opening did occur the sun poured into the woods with distinct outlines and shadows.

The trees resembled pillars rising out of the floor of a magnificent temple. The region possessed a romantic beauty as the trail followed along the Morrison River up and over ever so gradually. It talked and laughed with us as it took its way over the rocks among the clustering trees that stood like sentinels on the outpost of civilization. How rich and secluded it was. Nature with its wilderness, its living and decaying trees: oaks, maples, beeches; imparting brightness, like sunshine to the evergreens on the landscape. Because of the bright blue above on this glorious day, the trees seemed a more brilliant lush green than ever as the light streamed through them.

The soil here in the forest is forever in a state of flux; a large tree falls, its dislodged roots make a hole in the earth's surface; this exposes mineral soil which serves as a seed bed, then others that prefer such a place germinate. Our temperate forest is almost unique among forests of the world in its dramatic change; for each season has its own charm.

Resting, looking, moving on, we reached what we planned as our destination, the falls. Here we sat to eat our lunch and watch the water race over its green velvet bed. How soft! Across from us grew flowers, which neither of us recognized. I looked them up on my return and think they were the whorled wood asters.

Lunch finished, we went to the foot of the falls for a picture. The water slid over its incline into a deep pool, lined with rocky benches, grassy shelves, bent trees near, and in general it epitomized all the wilderness pools there ever were. Ruth tested the water COLD!

We returned to the top and said, "Do we stop here or go on for awhile?"

Oh, we agreed.

So we left our sliding falls running to placidity and we continued.

About this section it seemed as

though there were as many kinds and colors of mushrooms as of flowers.

One gay anemone "danced on its stalk", what a surprise to us! We were back with Whittier who wrote "—wind - flowers sway against the throbbing heart of May."

The Indian Pipes, "their heads bent, as if in prayerful mood, in shining groups" were all along the way.

Definitely, after consulting our book and map, we had now decided on the summit.

It was a most rewarding climb for I'm sure looking from the top that the mountain rises in one of the most finely forested sections. Its ledge top made one feel far above virgin forests. Turn in any direction and the view was magnificent. Mountains, mountains, mountains! Forest and forests! In places its big trees dwarfed into a close packed mass of pointed cones, others, hard woods.

Mount Washington and all of the Presidential range stood out against the blue.

In the distance little ponds and Kezar Lake broke the forest like little pools of light among the hills. The forest and mountains made the spot spectacular but adding the water turned it into a place of extraordinary charm; charm of miles of matchless view.

We still had nearly four miles to go before we reached our car so couldn't linger too long.

We decided on a new trail down, so with the mountains and view engraved upon our emotions we set out over ledges open and exposed, weathered and gray, patched with lichens, mountain cranberries, and blueberries and followed the cairns to reach our descending trail.

We felt as sated as a noontime bumblebee and ready for the path to the lower hills.

The solid and actual world vanished and we met the warm sunlight buttering the trail.

Again we dropped among the trees to the valley beyond. In places the trail led us along a brook, cliff, or just into hollows which were filled with "river damp"; but where ever, there was wild sculptured beauty and impressive features of the landscape.

The walk became languish but in interesting all the way, such as a rustic revealing two "long tailed

juniper" mouse which waited until I reached a stick toward it before it took a high leap and was gone. Then there was the load that sounded as heavy as a rabbit in the brush.

At five thirty we reached our car where we had left it at eleven in the morning.

We had wandered as we wished; we had changed our plans to suit the day and what a wonderful day! "High in the mountains there is joy to share

The Milton Inmans were on a camping trip over the week end.

Mr. and Mrs. Freddie Henderson and children were Sunday guests of Mr. and Mrs. Leonas Holt and family. They enjoyed a cook-out at their beach.

Callers at my home this week have been Mary Billings, Bryant Pond; Sharon Jordan, Locke Mills; Mr. and Mrs. Carl Brooks, Mr. and Mrs. Maynard Chase, Mr. and Mrs. William Slattery, Barbara Immonen, West Paris; Evelyn Tamminen, Yarmouth; Ruth Hastings, South Paris; Mr. and Mrs. Frank Curtis, David and Ann Holt, Sherry Millett, Eleanor Inman, Walter Inman, Geoffrey Inman, Local Mary of them came to wish me a happy birthday and I was well remembered with cards by the dozens and lovely gifts. The one which really

surprised and amused me, I found beneath my mail box addressed to Mrs. Crackerjack from An Admirer. I know the admirer and there's a little joke that goes with Mrs. Crackerjack.

Roland Hayes returned to the hospital in Waterville where he will have more eye surgery on Wednesday.

Mrs. Ervin Hayes and boys returned to New York on Friday.

The Hakala family and Mrs. Katherine Morey were in Farmington on Saturday to visit Mr. and Mrs. Richard Ham. Timmy remained for a visit.

Mr. and Mrs. Roland Hayes and Elmer Hayes were at Ledgewick to visit their sister, Mrs. Alma Whitman, on Saturday and on Sunday they visited friends in Jefferson, N. H.

Sherry and Brenda Millett are visiting at the home of Mr. and Mrs. Dwight Oldham in West Peru.

Mr. and Mrs. Laurie Tamminen, Yarmouth, and Willie Yates, Town, called at the Hayes Homestead on Friday.

Callers at the Milletts this week were: Elaine Emery, Barbara Immonen, Alta and Pamela Pierce, Mr. and Mrs. Dale Coffin and boy, West Paris; Mr. and Mrs. Dwight Oldham, West Peru; Gwendolyn Sherwin and David, Rumford.

Mrs. Clyde Morgan visited Lettie Brooks on Wednesday.

MORGAN - GADWAY

Mr. and Mrs. Craig M. Morgan

Cynthia Mae Gadway, daughter of Dr. and Mrs. Ronald G. Gadway of South Royalton, Vt., was married to Craig Maurice Morgan, son of Mr. and Mrs. Charles Maurice Morgan of Woodstock, Maine, on June 11, 1972, at the West Lebanon, N. H., Seventh-day Adventist Church. The bride was given in marriage by her father, Dr. Ronald G. Gadway.

Elder P. D. Bakker of the Portland, Maine, Seventh-day Adventist Church, performed the marriage ceremony.

The bride's gown of organdy, featured slim lace bodice, traditional sleeves, high collar, empire waist, full skirt full in chapel train. Forward headpiece decorated with tiny pearls was attached to a multi-layered silk illusion veil and she carried a bouquet of sweetheart roses and daisies.

The bride's attendant was her sister, Rhonda Sue Gadway, as maid of honor, of South Royalton, Vt.

CARD OF THANKS

I would like to thank the Bethel Lions Club for their generous gift.
Terry Roy
Miss Mollycckett 1972

Bridesmaids were Wendy M. Morgan, sister of the groom, of Woodstock, Maine and Beverly Knox, friend of the bride of West Lebanon, N. H. Donna Quittmeyer of West Lebanon, N. H., was flower girl.

The gowns of the bride's attendants were floor length nylon organdy, with high collars, puff sleeves and empire waist, and matching hats. The maid of honor and flower girl wore pink and the bridesmaids wore mint green.

Serving as best man was Bruce E. Conrad of Hartland, Vt. Ushers were Dale Lee of Poland, Maine, and Robert Larter of Union Springs, N. Y. Peter Fackenthill of Bethel, Vt., was Bible Boy.

The mother of the bride wore a pink coat style dress. The groom's mother was attired in a blue coat style dress.

Organist for the ceremony was Mrs. Valida Barcelow, South Royalton, Vt., and the soloist was Eugene Dickerman of New York.

In charge of the guest book was Debbie Guthrie. Punch bowl was in charge of Susan Reunels and the wedding cake was served by Winnie LaMountain, aunt of the bride. The reception was held at the West Lebanon, N. H., church vestry.

For her wedding trip to the White Mountains in New Hampshire, the bride wore a red dress. The couple will make their home in Woodstock, Maine.

Mrs. Morgan was born in Maryland and received her education in West Lebanon, N. H., and Pioneer Valley Academy, Massachusetts. She was employed at the G. W. Plastics Engineers Plant at Vermont.

Mr. Morgan was born in Norway, Maine, and received his education at Woodstock High School and received his bachelor of science degree in elementary education from Atlantic Union College, South Lancaster, Mass. He will teach this fall at the Forest Dale School, Woodstock, Maine.

Relatives and friends attended the wedding from Florida, Maine, New Hampshire, Massachusetts, New York and Vermont.

ROBERT M. BLAKE

Robert M. Blake of Paradise Road, Bethel, died unexpectedly Friday morning, Aug. 4, 1972, while at work.

He was born at Boothbay, March 7, 1909, the son of Millard and Doris Montgomery Blake. He had lived in Bethel for 24 years and was employed by Brooks Bros., Inc., Bethel. Mr. Blake was a 50-year member of the Bayview Lodge, F. and A. M., East Boothbay, and a member of the Western Maine Firemen's Association.

Surviving are his widow, the former Florence Coburn, Bethel; a son, Robert H. of Concord, N. H.; and two grandchildren.

Funeral services were held from the Greenleaf funeral home Sunday afternoon, Aug. 6, with Dale Thurston officiating. Masonic committal services were held at Riverside cemetery, Bethel.

CARL EMERY

Carl G. Emery of Newry was pronounced dead on arrival at the Rumford Community Hospital where he had been taken following a heart seizure at his home, Sunday morning, Aug. 6, 1972.

He was born at West Paris, June 21, 1900, son of William and Mary Bryant Emery. He attended West Paris High School and played baseball on the high school team. He later played third base on the old championship Pine Tree League baseball team. Mr. Emery worked as a brakeman on the Canadian National Railroad for 17 years and for many years owned and operated a barber shop in West Paris. During World War II he moved to Portland where he worked for the Portland Pipeline, retiring as supervisor in 1963. Following his retirement, he moved to Newry. Mr. Emery was a former member of the West Paris 100F.

Survivors include his widow, the former Carrie Bruns Libby, Newry; two sons, Gordon, West Paris, and Dale, Wilton, Conn.; a daughter, Mrs. Muriel Smith, Portland; a stepson, Robert Libby, North Windham; a sister, Mrs. Thelma Edmunds, West Paris; a brother, Truman Emery, Norway; a granddaughter, and two great-granddaughters and two step-grandchildren.

Funeral services were held Tuesday morning, Aug. 8, from the I. W. Andrews & Son funeral home, South Woodstock. Interment was at the Forest City Cemetery, South Portland.

THANK YOU

Members of the S. A. D. #44 Music Boosters wish to thank each and every one who gave of their time and energy or made donations to our supper held Wednesday, Aug. 2, on the Common. Also thanks to Telstar High and the fire department for use of their equipment and kitchens. The event was very successful and the proceeds will help provide several instruments in our schools this fall.

August heat increases swimming pools use

Years ago, there were 200,000 family pools in the nation. Today there are 2 million. By 1980, there'll be 4 million. If you own one, you may very well be in the pop- ular plunge-by-the-pool brought about rapid growth in the maintenance of today's pools. And to pool owner owes it to his family, his guests, and his bank balance to keep up to date on new pool techniques and products.

In Selecting A Pool, there are three factors: size, cost, and location. Select the most spot on your property, the standpoint of convenience to the house for par- ental child-rearing, and certain your pool is in a safe place. Then a qualified pool instal- ler, nearby. Get a line on what you want from your pool and neighbors pools.

In Readyng Your Pool for Season. Clean out all debris. Wash down well. Drain and fittings. Re- paint. Then clean bottom and fittings with solvent cleaner. Scrub with a chlorine stock - 1 oz. per gallon of

In Keeping Pool Water Clear. Chlorination of pool wa- ter is the accepted means of clearing. And it's easier today than ever before. A newly developed, extra-convenience tablet called Super Chlor- Tabs® is efficient and con- venient. Chlorine kills bacteria and algae plants that

Efficient, modern pool care means following the basics consistently — readyng your pool for the season — keeping pool water clean — closing down properly. And keeping up-to-date on the latest techniques, including chlorination with new super-size, extra-convenience tablets.

grow in pools — and it sup- plies a residual that kills new bacteria, and inhibits the growth of new algae. Super Chlor- Tabs, newest in the Penn- swim line of pool care prod- ucts, are six times larger than ordinary chlorine tablets. Only one tab a day for each 2,500

gallons, provides sure, steady, all-day protection. pH control is the key to

"comfortable" water. Irrita- tion to eyes and mucous mem- branes, skin discomfort and swimmer's itch are caused by improper pH balance. It also causes unpleasant odors and costly, inefficient excessive chlorine consumption. pH is a convenient way of telling how acid or alkaline the water is. The pH scale runs from 0 to 14 — pH 7 is neutral. People are comfortable in a narrow

pH zone, between 7.2 and 7.8. Careful test kit checking daily, is essential. Acidic water is corrosive. Alkaline water forms a whitish scale. "Chlorine resi- dual" should also be regularly checked with a test kit. The test habit will pay off, because chlorine can otherwise be used up at a needlessly excessive rate, without your knowing it.

Care In Closing Down Your Pool. Water should be left in the pool during the off-season, especially in cold weather. Wa- ter in the pool protects buried pipes from damage. All pipes

not buried below the frost line should be drained. For care of pumps, filters, and other ac- cessories, carefully follow man- ufacturers instructions. If wa- ter must be removed, drain completely — and cover com- pletely. Store all removable equipment.

For full details on the new Super Chlor- Tabs, see your Pennswim dealer, or write: Pennswim Dept., Pennwalt Corporation, 3 Parkway, Phil- adelphia, Pennsylvania 19102.

Trailer Fables Can Get You Into Trouble

Jim Scoggin, safety director for U-Haul, has compiled a list of things to beware of when towing trailers you own or rent. He calls them "trailer fables." Here are some of them.

Some people believe that the rule of loading heavily in front, which places a portion of the trailer weight on the car, is a gimmick invented by trailer manufacturers to save wear and tear on their equipment.

This is false. Trailers must be loaded heavily in front for safe towing. Trailers towed by passenger cars should be load- ed to approximately 10% of the gross trailer weight (trailer and cargo) is placed on the coupler and hitch. An easy rule of thumb to follow is to posi- tion 60% of the cargo weight in the front half of the trailer, and 40% in the rear half. Weight also should be balanced evenly from side to side. This procedure will result in proper weight placement on the cou- pler and hitch, and is necessary for stability and safety.

Load Tandems Same Way. Some people believe that tandem axle trailers can be loaded evenly over the axles, thereby eliminating the need for loading heavily in front. This is false. Tandem axle

trailers react just like single axle trailers and must be load- ed heavily in front the same way. The only reason for a tandem axle is to provide another set of wheels for great- er carrying capacity.

Some people believe that a trailer loaded heavily in the rear can be compensated for by loading the car trunk heav- ily. This just produces two un- stable vehicles instead of one. A variation of this is to over- load the trunk of the car first, and then load the trailer heav- ily in the rear to level the car up. Stop — you are in for trouble.

And some believe that a trail- er that sways at low speeds will straighten out at high speeds. Don't try it. Instability is accentuated geometrically as speed increases. Stop immedi- ately and check your trailer. Check tire pressure and weight on the trailer tongue. Also check your car. Worn king pins or poor front wheel alignment can cause wandering and re- sulting trailer sway.

Watch Water Tanks

If you own a vacation or travel trailer, familiarize your- self with the placement of its water tanks and septic tanks.

National Parks Celebrate 100th Birthday

Old Faithful — known the world over as the symbol of Yellowstone National Park — has been this year by more than ever before as the National Park Service cele- brates one hundred years of national park idea.

It was on March 1, 1872, President Ulysses S. Grant signed the bill which provided for the first of land lying at the headwaters to the Snake River — to be preserved and withdrawn from settlement, occupancy, or use under the laws of the United States, and dedicated to the use and enjoyment of the people. By this Act, President Grant created Yellowstone Na- tional Park — the first public park in the world.

From the beginning the National Park Service has grown to in- clude 600 areas — na- tional parks, monuments, and the world's system of national parks also has grown to include 100 mon- uments and 100 national parks.

Today, the National Park Service has official headquarters in Washington, D.C., and 100 National Park Service Centers in all 50 states, Alaska, and Hawaii.

The celebration of the year will be the National Park Service Conference on National Parks to be held in Yellowstone and at Teton National Parks. More than 100 coun- trymen are expected to attend the conference.

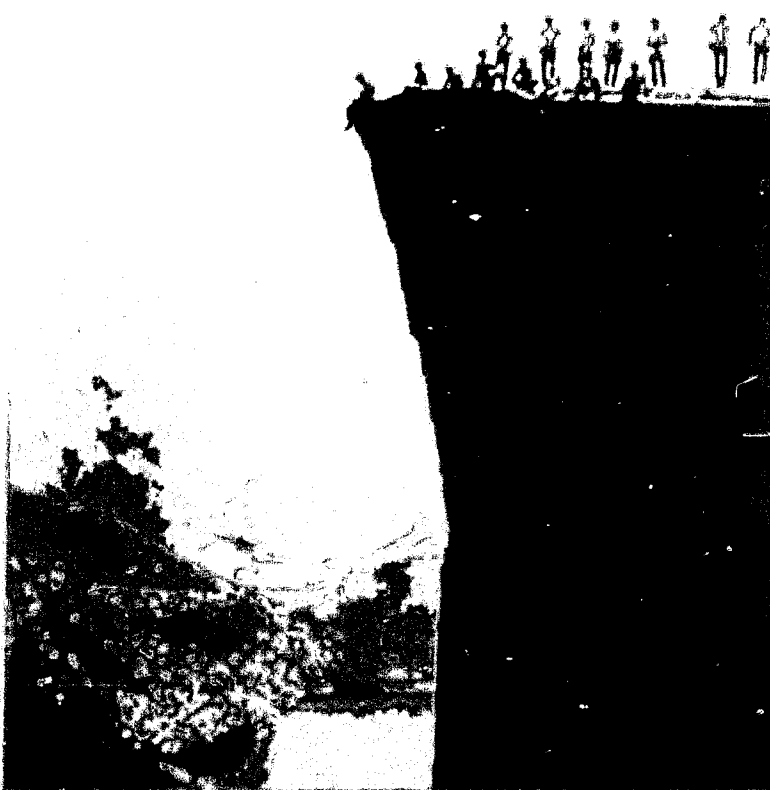

Through this Conference and other events scheduled

Taken in 1871, this is one of the earliest known photographs of Old Faithful. The photographer was William Henry Jackson and the picture was made with a large view camera on a wet plate. Before making it, Jackson had to crouch in a small tent dark room, coat a plate of glass with a silver solution and rush the wet plate into the camera. For his "speed" work such as this picture, Jackson had rigged up a shutter, powered by a rubber band, which gave exposures of about one-tenth of a second. Normally, the lens cap served as a shutter, and exposures ran from 10 to 15 seconds. The plates were developed immediately after exposure. Most of Jackson's 300 pound photo kit was carried on the back of his mule, Hypo.

During the year, the National Park Service intends to use the Centennial not as a time of self-congratulation, but as an opportunity to re-examine its values and chart a course for the next hundred years of national parks.

Natural beauty awaits tourists this season in Europe's Norway

The country of Norway in Europe is celebrating its 1100th birth- day this season and has offered a series of special events to summer visitors as part of the festivities. The most popular at- tractions to U.S. citizens are spectacular scenes such as this one. The Pulpit Rock near Stavanger in Norway's Fjord Country has a sheer drop of 1800 feet into the Lyse Fjord. Rick Wells The Dreamer

Rick has been singing country since the age of ten, when he appeared on the "Duke and the Swingbillies" Television show. Before that, he was a rock singer. While touring the United States and Canada in the sixties with the Doug Lavalley troupe, he met Dick Curless who immediately became his idol and remains so today, along with Waylon Jennings and Merle Haggard. His original "Wagon Wheel" band broke up when he left to

"I don't have a band now. I used to have, but part of the boys who play at the Wagon Wheel Ranch (Steep Falls, Me.) now are part of the band I used to have." The Wagon Wheel Ranch is operated by Mrs. Ernest (Sue) Baker, Rick's mother, and serves as headquarters from which he makes all his bookings while in Maine.

hair long, but one of the reasons I'm leaving it long is because it makes me feel younger because I am with younger people more and for another thing, everybody is against it. It sounds funny, I guess."

"I don't really like to be written about because most people who write about you, it's either exaggerated or....I'm not really happy with the pictures, but I'm not really happy with any...." No matter what you are thinking, Rick Wells is not a rebellious long-haired country singer who sits dreaming his life away between bookings. In his very quiet voice, he admits that the reason his songs are not recorded is that there is no back up money.

If asked, he will tell you almost reluctantly that he has played in some of the more prominent spots throughout New England; has appeared with artists such as Hank Williams, Jr., Bill Anderson, David Houston, Van Trevor (a

Lewiston Maine native and close friend) and many others. His honesty cannot be denied. "I can't see being fake about anything. I've had my fill of it."

I picked up the 45 recording of his two compositions Dreamer and Strength To Go On. "That was recorded about a year and a half ago in Triple A studios in Boston. It's not a known label. (St. George International)".

It was time to leave for the Sheraton Eastland. Suddenly his eyes softened. "You asked me earlier who my idol was and I mentioned different singers and artists? I guess when you come right down to it, my Dad, to me, is the greatest."

Ernest and Sue Baker of the Wagon Wheel Ranch can well be proud of their son, the Dreamer. I promised him I'd write it as I saw it. I hope he isn't disappointed..with the text or the photographs which he chose himself.

Trailer fables can get you in trouble

(Continued from Page 1)

This can cause serious variations in load distribution. A classic example is a trailer with a water tank in front and a septic tank in the rear. After several days of travel the fresh water is used out of the front tank and transferred to the rear tank. A trailer starting out heavy in front can soon be dangerously heavy in the rear — and in deep trouble.

A last warning deals with human nature. People usually start a trip by following all the rules. They keep their speed within a safe driving range. By the second day, everything has been going so well that it seems reasonable to increase the speed a little. About the third day, they want to reach their destination early; so the speed goes up again. They might make it, if they're lucky; but if they have to make any rapid corrections, such as for sudden wind gusts or dips in the road, their trip could end right there.

In summary, two rules that will help you have safe trailering: load heavily in front, and keep your speed down.

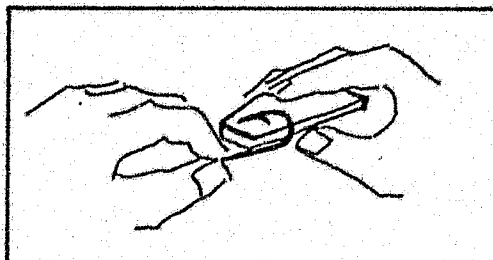

Growing old isn't so bad when you consider the alternative.

CHAMPIONSHIP FISHING TIP

from VIRGIL WARD

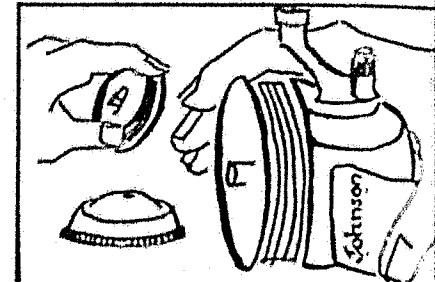

three-time world and national fresh-water fishing champion

Don't miss landing a fish because of a dull or damaged hook. Each snag, each fish hooked dulls the point. Use a hone to keep hooks needle sharp. Caution: Don't hone the barb side.

To de-kink a line that's been wound on a reel for some time, run it out full length, tie it to a tree, stretch it out and wash with mild soap and water. This prevents forming tight little coils that won't pass easily through the rod guides.

Get to know your reel. Take it apart periodically to check for rusted and worn parts, and accumulated dust and grime that could cause a malfunction. After cleaning, lubricate drive and crank shafts with a few drops of light oil. Use good grade gun or reel grease on the gears.

Otters are the swimming and diving champions of all land mammals.

ZENITH
CHROMATIC ONE-BUTTON TUNING

SUPER CHROMACOLOR.
"Now At Dyers" In Mexico

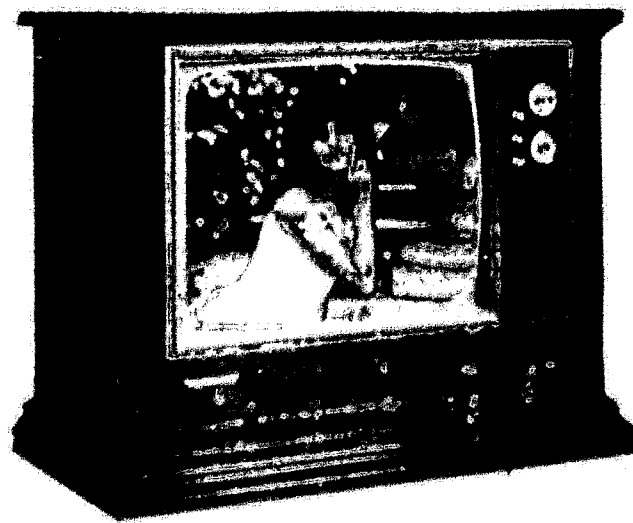

Turn color TV on or off with the push of a button. Zenith Chromatic One-Button Tuning is designed to provide instant

automatic picture control of brightness, contrast, tint, color level plus automatic tint and color control of flesh tones.

Please Note New Policy:

Leo Dyer announces that due to his tremendous increase in business, he will no longer service other models of television sets, starting with the 1973 brands, other than what he sells. At the present time he sells Zenith, Motorola, and RCA televisions. He stated that to give better, faster, and efficient service was the prime reason that necessitated this decision. Also it is getting extremely difficult to find the storage space required to stock the parts for other brands of television sets beside the three he now carries. He wishes to emphasize however that his personnel will still repair the other brands of television sets up to and including the 1972 models. He regrets this decision, but feels his own customers should be entitled to the best possible service his staff can afford them.

What do you put on an
English muffin? From the
kitchens at Thomas
Bakers come these
ideas:
Make an omelet and
serve it atop a toasted
muffin.
Mix up any meat salad
or ham salad or tuna
or egg salad. Spoon the
mixture onto an English
muffin. Serve open faced
or the extra toasted and
served muffin half on the
other half.

Substitute toasted
English muffins for
burger buns. Split and
toast them first. To split,
roll around the muffin with
a knife and gently pull apart.
Make pizzas with English
muffins. Use a pizza sauce
and follow directions on
package.
Toast and butter English
muffins. Top with a slice
of tomato and slice of cheese.
When cheese is melted,
freeze. Dream

A GREAT NEW GIFT IDEA
ONLY 2,000 YEARS OLD

The dilemma must have
originated with the first man
who wanted to celebrate a
special occasion. What gift
could he bring home?

Perhaps a brontosaurus
steak was appropriate in pre-
historic times. But, today,
sophisticated gift shoppers
have more complex problems.
What size? What style?

Does she have one? Will it
clash with the decor?

Hardly has one gift
decision been made when
there's need for another to-
morrow's birthday, next
week's dinner party or
holiday.

Now, thousands of
shoppers find their problems

simplified as they discover
the latest "in" gift idea — the
decorative or art candle.

Like painting and sculp-
ture, the art candle has been
notable in the long history of
decoration, but generally it
remained a European
favorite.

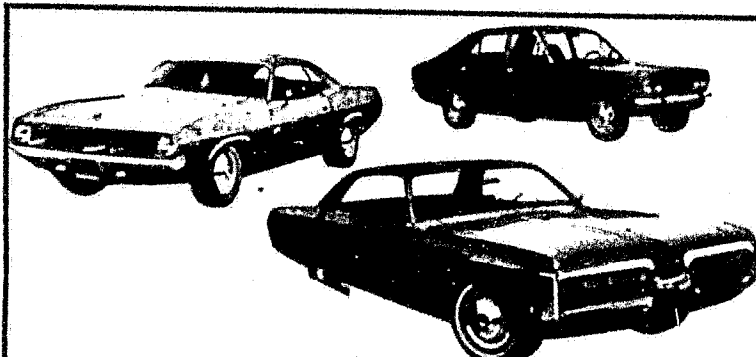

Until the 60's, art candles
here were overshadowed by
traditional candles: pillars
and tapers. Then youth move-
ments catapulted candles into
orbit as a class, including
novelty and hippie style
candles. Meanwhile, art
candles were gaining in
popularity, too, being recog-
nized as a quietly elegant gift
suitable for many occasions.

As Sylvia Robinson,

President of Foley &
Robinson and a noted
authority on gift trends, said
recently, "art candles that
achieve high levels of refine-
ment and tastefulness are
quickly becoming a staple in
the gift shop inventory."

So great is this new
demand that one firm —
Tyhar Candlecrafters of New
York — went into business
specifically to improve on the
European art candle in
quality and design while
beating it in price.

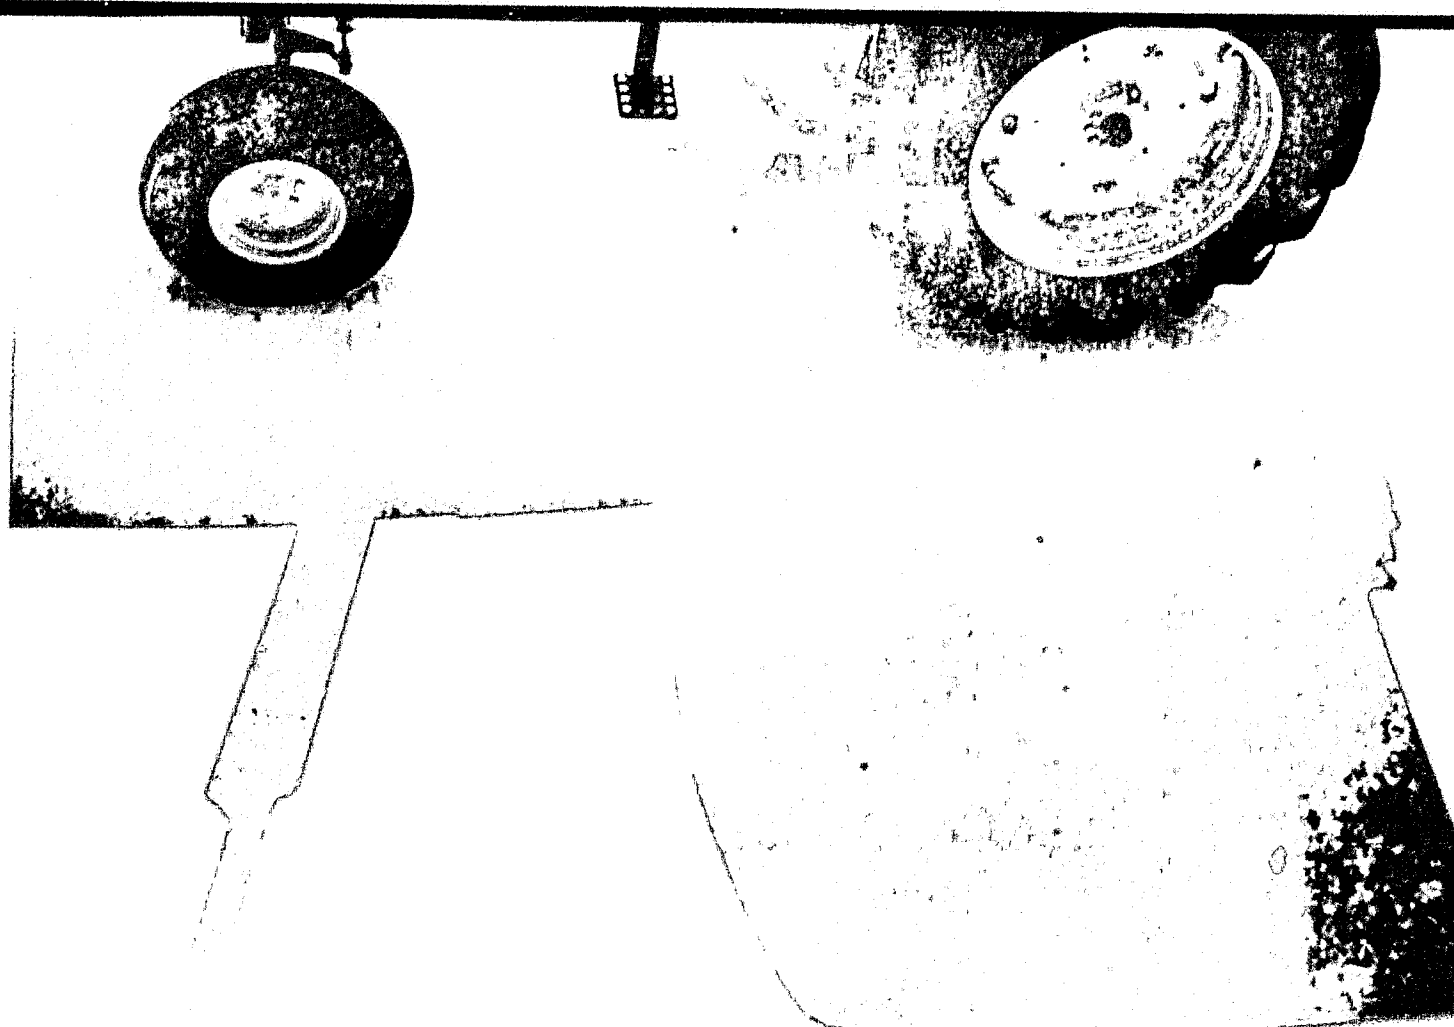

Tyhar advises the wise
candle shopper to look for
three signs of quality: a ridge
around the bottom that
signifies hand crafting, color
consistency throughout the
candle, and solid, hard wax.

Select an inch-thick piece for broiling, suggest the Staggs, home economist on the National Live Stock and Horse Raisers' Association Board. Whether you use a range broiler or a charcoal grill, use moderate, not high heat for juicy tender meat.

Honey-Glazed Ham Slice Slice a fully-cooked ham, cut 1 inch thick, and brush with 1/2 cup orange juice and 1/2 cup honey.

Combine orange juice, honey, and mustard and cook for 10 to 12 minutes, stirring occasionally. Set regulator on broiler. Place ham slice in broiling pan and broil in broiler for 10 minutes. Brush with orange glaze and broil 5 minutes longer or until heated through, broiling occasionally with orange glaze.

LEAN AND LIGHT PANCAKES 1 egg, 2 cups skim milk or re-constituted instant non-fat dry milk, 2 tablespoons Fleischmann's Margarine, melted, 3 cups unsifted flour, 3 tablespoons sugar, 2 teaspoons baking powder, 1/2 teaspoon salt, 1/2 teaspoon baking soda. Mix together egg, milk, and melted Fleischmann's Margarine. Combine flour, sugar, baking powder, salt and baking soda. Add liquid mixture to dry ingredients and beat with a dry beater until all the ingredients are moistened. Batter may be lumpy. Pour into a hot lightly oiled grid, cooking about 1/4 cup batter for each pancake. Bake until pancakes are puffed and browned on underside. Turn and bake until browned on underside. Takes about 12 minutes per pancake.

CINNAMON NUT TOAST 2 tablespoons sugar, 1/2 cup unsifted flour, 3 tablespoons sugar, 2 teaspoons baking powder, 1/2 teaspoon salt, 1/2 teaspoon baking soda. Mix together egg, milk, and melted Fleischmann's Margarine. Combine flour, sugar, baking powder, salt and baking soda. Add liquid mixture to dry ingredients and beat with a dry beater until all the ingredients are moistened. Batter may be lumpy. Pour into a hot lightly oiled grid, cooking about 1/4 cup batter for each pancake. Bake until pancakes are puffed and browned on underside. Turn and bake until browned on underside. Enjoy the benefits of a low-saturated-fat diet without sacrificing your enjoyment of good food with these breakfast treats: No-Egg Jelly Muffins, Lean and Light Pancakes, Cinnamon Nut Toast.

- 1 tablespoon chopped Planters or Southern Belle Pecans
- 1/2 teaspoon ground cinnamon
- 2 tablespoons Fleischmann's Margarine
- 4 slices white bread, toasted

Combine sugar, pecans and cinnamon. Spread 1-1/2 teaspoons Fleischmann's Margarine on each slice of toast. Sprinkle about 1-1/2 teaspoons sugar mixture on each. Broil until bubbly. Cut in triangles. Serve warm. Makes 4 slices. 150 cal./slice

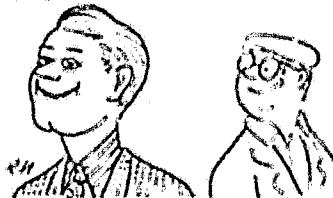

- NO-EGG MUFFINS**
- 1-1/2 cups unsifted flour
- 3 tablespoons sugar
- 1/2 teaspoon baking soda
- 1/2 teaspoon salt
- 1 cup buttermilk
- 3 tablespoons Fleischmann's Margarine, melted

In a bowl thoroughly mix flour, sugar, baking soda and salt. Add buttermilk and melted Fleischmann's Margarine and stir just until dry ingredients are moistened. Fill greased medium-sized muffin cups about 2/3 full. Bake in hot oven (400° F.) for 25 minutes, or until done. Immediately remove from muffin cups; serve hot. Makes 1 dozen. 95 cal./muffin.

JELLY MUFFINS

Fill greased medium-sized muffin cups about 2/3 full. Place 1 teaspoon jelly in the center of each, then fill cups about 2/3 full with remaining batter. Bake as directed above. Makes 1 dozen. 140 cal./muffin.

HELPFUL MAINTENANCE TIPS

BUSTERS POP UP ON EXTERIOR WALLS PAINTED JUST A YEAR AGO. FIRST REACTION MAY BE TO BLAME THE PAINT. BUT ASSUMING YOU USE A GOOD BRAND OF PAINT AND APPLY IT PROPERLY, YOUR PROBLEM PROBABLY IS CAUSED BY MOISTURE.

WATER SEEPING INTO A WALL THROUGH MINUTE SPACES BETWEEN WINDOWS AND SIDING CAN BE EXTREMELY TROUBLESOME AND LEAD TO BUSTING AND DRY ROT.

TO PREVENT SUCH LEAKAGE, ESPECIALLY ON THE WINDWARD SIDE OF THE HOUSE, USE THE HOT MOLT CAULKING PACKAGED WITH THE WELLER GLUE GUN TO CLOSE ALL SPACES. THE GLUE GUN IS RECOMMENDED BECAUSE ITS AUTOMATIC FEED AND NOZZLE ALLOW LAYING A FINE, EVEN BEAD OF THE DESIRED WIDTH.

THE SCOOP ON ICE CREAM

In the making and eating of ice cream, milk sherbet and sherbet, there are several small but interesting bits of information and helpful tricks. Here are some hints by Carolyn Anderson, author of "The Complete Book of Homemade Ice Cream, Milk Sherbet and Sherbet," just published by Saturday Review Press.

1. A fork is the best tool for digging into ice cream that is too firm to scoop. A cake breaker is good for slicing firm ice cream.
2. If no cooking is required, often the ingredients can be combined right in the freezer can, which means fewer dishes to wash.
3. If ice cream is to be hand-stirred during freezing, or if it is to be removed from one container to another, use a wooden spoon to prevent transfer of heat from the hand to the mix.
4. Always allow space in the freezer can for expansion of the ice cream when it freezes. Approximately one third of the can is needed for

the swell.

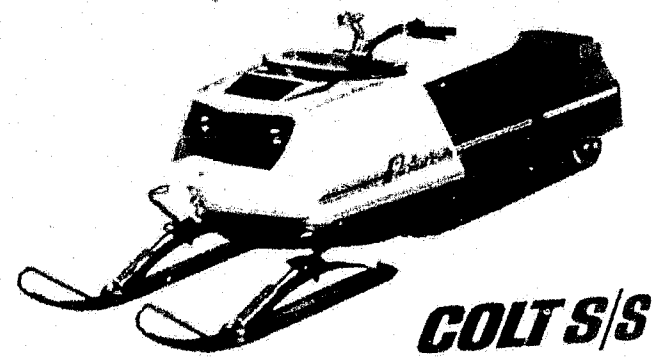

5. Cool the mix to room temperature or slightly lower before freezing. Churn-freezing a warm mix may cause a buttery texture due to an increased freezing period.

These and many other hints are included in Miss Anderson's book which also features chapters on the history of ice cream and

sherbet, how to make home-made ice cream, milk sherbet and sherbet, and ice cream dieting and nutritive value, as well as hundreds of recipes.

When it comes to help's advice on how to make the best ice cream, Miss Anderson really dishes it out. And, the popularity of this treat is any indication, millions of Americans will happily be taking it.
